

NAME _____

AMAZING LEARNING

QUESTION: How fast can you learn to complete a maze with no mistakes?

PREDICTION: I think I can learn to finish a maze in _____ trials?

MATERIALS: 6 copies of a maze
Watch or clock with a second hand

PROCEDURE:

1. Work with a partner.
2. Work a maze from start to finish while your partner times how long it takes you to complete the maze. Record your time.
3. Work the same maze again while your partner times you. Record your time.
4. Work the same maze a third time while your partner times you. Record your time.
5. Repeat steps 2 – 4 while your partner works the maze.
