

# The Periodic Table

### Across

3. I have 81 protons
5. My atomic number is 41
10. I have one more proton than Tin
12. I have 44 protons
14. I am the heaviest of the noble gases
18. My symbol is Ir
19. I am the heaviest element with properties similar to Sodium

### Down

1. I am the lightest element with properties similar to Calcium
2. I have a mass number of 50.9
3. I am the lightest of the man-made elements
4. I have 14 protons
6. I am a liquid in the same period as Fe
7. I am a liquid metal
8. I have one less proton than Zr
9. My atomic number is 84
11. My symbol is Pt
13. My symbol is Sn
15. I am the lightest element of all
16. I am a metal with properties similar to gold and copper
17. My symbol is W
