

Research Question & Purpose First Revision

Rewrite your research question and purpose making any necessary changes and corrections. Use your rubric to check for quality.

The revised question will be two paragraphs. The first paragraph begins with "*The question being investigated is...*" and then write your research question. Please remember that the *research question* identifies the variables being tested and measured.

The second paragraph is an explanation of the purpose of your investigation. Use your rubric to check for quality. The second paragraph begins with "*The purpose of this investigation is ...*" Your purpose must be related to a real life situation.

Write your revision below:

The question being investigated is

The purpose of the investigation is
